(e) This License does not include the right to conduct Permitted Activities within dwelling units occupied by HACLA's tenants without prior consent of the tenants and the Public Information Officer, who shall have the discretion to deny the request based on reasonable health, safety and security concerns. (b) The Security Deposit shall be used to offset any unpaid fees and any costs incurred by HACLA as a result of the License Activities, including but not limited to repair and/or clean up costs. Any fees or costs off-set against the Deposit shall be documented and a written report of the offsets shall be provided to the Licensee.

(c) If, after forty-eight (48) hours or more following submittal of the Permit Application, Licensee cancels the License Activities, HACLA shall be entitled to retain the full amount of the Security Deposit as a cancellation fee.

(d) HACLA shall be entitled to retain the full amount of the Security Deposit if this License and/or Licensee's Permit is revoked.

(e) Any request for refund of the Security Deposit shall be made, in writing, and shall be received by the Public Information Officer within sixty (60) days of completion of the License Activities. (b) Any additional fees incurred by Licensee during the course of the production shall be paid immediately upon demand.

(c) HACLA shall be entitled to offset any unpaid fees against the Security Deposit and shall bill the Licensee directly for any remainder amounts due, which amount shall be paid in full immediately upon demand.

Section 5. INSURANCE

(a) Licensee shall maintain required insurance coverage and shall timely provide proof of such coverage or additional insurance documentation upon demand.

(b) Licensee's failure to maintain required insurance coverage or timely provide proof of required coverage or insurance documentation upon demand shall

constitute a default of this License. Upon such event, HACLA shall have the right to revoke this License.

Section 6. PROPERTY CONDITIONS AND SECURITY

(a) Licensee shall notify HACLA's Public Information Officer, immediately, of any conditions existing in or upon the Property or the Permit Site resulting from the License Activities that constitute a risk to the health or safety of individuals and/or a risk of harm to HACLA's personal or real property and shall suspend License Activities until such conditions are remedied to HACLA's satisfaction. Licensee's failure to timely notify HACLA of said conditions shall constitute a default of this License. Upon such event, HACLA shall have the right to revoke this License.

(b) HACLA makes no representations or warranties regarding the safety or security of the Property or the Permit Site. HACLA shall not provide, supervise, or furnish personnel in connection with the personal safety and security of Licensee's agents, employees, contractors, subcontractors, invitees or any other individuals within and about the Property or the Permit Site. Licensee shall be responsible for providing, to HACLA's satisfaction and at Licensee's own cost, sufficient security personnel to ensure the safe and secure conduct of the License Activities. Notwithstanding the foregoing, HACLA shall have the right to call in the police at any time it determines necessary for the protection of the Property or the Permit Site or the safety or security of persons within and about the Property or the Permit Site, and Licensee shall be responsible for all related-costs.

Section 7. REQUIRED PROPERTY CLEANUP

(a) No later than twenty-four (24) hours following completion of Permitted Activities, Licensee shall remove all of its debris and trash, and all of its material, equipment and personnel from the Permit Site.

(b) Licensee shall, at its own expense and to HACLA's satisfaction, promptly perform and complete any repairs or replacement of any nature or character occasioned or made necessary by reason of the use of the Property or Permit Site by Licensee so as to return the Permit Site to a condition as good as when the Property or Permit Site was received, reasonable wear and tear excepted. Licensee's obligations under this section extend to the remediation of any pyrotechnic device residue or toxic or hazardous materials to less than action levels prescribed by state or local law or regulation at any site where the License Activities or other acts of Licensee resulted in the release of such residue or toxic or hazardous material.

(c) As soon as practical following conclusion of Licensee's clean up and repair activities, Licensee shall do a walk-through with the Permit Site's Property Manager and/or HACLA's Public Information Office to assess the condition of the Permit Site and any impacted sites located elsewhere upon the Property. Licensee shall be given a reasonable opportunity to remedy any property defects or offending conditions to a condition acceptable to HACLA.

(d) Licensee's failure to timely clean and restore the Permit Site and any other impacted sites located elsewhere upon the Property to HACLA's satisfaction shall constitute a default of this License. Upon such event, HACLA shall have the right to have its property cleaned and restored to its satisfaction, and Licensee shall be responsible for complete and immediate reimbursement to HACLA of said costs, less any deductions taken from the Security Deposit.

(e) Licensee's covenants and obligations contained in this section shall survive the termination or expiration of the Term of this License.

(c) In response to the proposed change, HACLA may impose use conditions and restrictions, or upon advice of its Risk Manager, impose heightened insurance coverage requirements. In the alternative, HACLA may elect to revoke this License.
